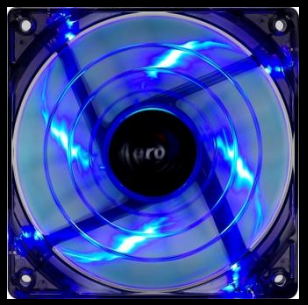
Shark Fan Blue Edition 12 cm



- Unique and Stylish "Shark Fin" Fan Blade design w/ Quad Blue LEDs.
- 15 fan blades generates High Air Pressure and Air Flow - the most fan blades in the world !!!!
- Innovative Fluid Dynamic Bearing delivers longer life span, higher precision rotation and anti-shock function.
- Duo Mode Operation - The Shark fan operates in both "Power" mode (12V) and "Silence" mode (7V - with adaptation of Voltage reduction cable).
- All cables are "black" sleeved.
- Accessories include a Voltage Reduction cable, a 3 to 4 pin converter cable,4 units of Anti-vibration Rubber Screws and 4 units of standard screws.

Standard Connection (Power mode)

Rated Voltage :	12V
Starting Voltage :	<=9.0V
Power Consumption :	3.6W
Rated Current :	0.30A
Speed :	1500 RPM+-10%
Air Flow :	82.6 CMF
Air Pressure :	1.273 mm-H2O
Noise:	26.5 dBA
MTBF:	100000 hours

Connect with Voltage Reduction Cable (Silence mode)

Rated Voltage :	(To FAN) 7V
Starting Voltage :	<=7.0V
Power Consumption :	1.56W
Rated Current :	0.13A
Speed :	800 RPM+-10%
Air Flow :	32.5 CMF
Air Pressure :	0.305 mm-H2O
Noise:	12.6 dBA
MTBF:	100000 hours
